BRIGHTER LIGHTS FOR MAIN STREET

(Continued From First Page.)

done, the Southern Railway entering Main Street Station, and the Atlantic Coast Line and Richmond, Fredericksburg and Potomac Building in the West End.

All papers relating to salary increases were laid over to a special meeting to be held later in the month. The action of R. E. Lee Camp for an appropriation of \$2,000 to defray the expenses of Confederate veterans in attending the reunion at Gettysburg was referred to the City Attorney. A State law gives boards of supervisors of counties the right to make such appropriations, and many counties have provided the funds to take Confederates to the anniversary of the battle, but the law says nothing about the councils of cities, and a resolution was raised as to the right of the Council to use funds in that way.

A resolution in regard to widening Hull Street was tabled for an inspection of the street next Friday afternoon.

A resolution appropriating \$5,000 for advertising was recommended, as was a resolution transferring \$2,250 from the pay roll account of the Fire Department to allow the Board of Fire Commissioners to purchase an automobile tractor, to which will be attached the hook and ladder truck now installed at Lombard and Broad Streets, thus providing a more efficient machine, and doing away with three horses.

An appropriation of \$500 was recommended to clean the Council Chamber and rekindle the portraits. An appropriation of \$1,000 was recommended for street cleaning, and the ordinance governing the display of food for sale.

New Bridge Nearly Ready.

An appropriation of \$5,000 for opening and widening streets was recommended, as was an appropriation of \$5,000 to lay a concrete base for the paving of Mayo's Bridge. City Engineer Bolling explained that when the bridge bids were submitted, the accepted bid contained this extra item. The paving is to be of cut granite, similar to that on Main Street between Seventh and Twelfth Streets, and the City Engineer regarded it as of great importance that it be laid on a solid concrete base. With the recommendation of the Finance Committee, Contractor I. J. Smith said that he expected to begin paving on Monday morning, taking the chance of the Council approving the appropriation, as he would not further delay the work, and expected to deliver the bridge in July. The committee could not obligate the Council to the appropriation, but in view of the City Engineer's positive statement of the need of the work, there was thought to be no doubt of its passage.

MEET AT STAUNTON TO DECIDE ON CAMP

(Continued From First Page.)

Forty are being made to secure chairs.

Nearly all local infantry officers are going to Staunton. First Lieutenants M. F. James, it seems, will be commander of the Richmond Blues Battalion during the camp, since it is probable he will be the only officer left in the city.

HOWITZERS PLAN WEEK OF PLEASURE

Battery Will Be Entertained at Knoxville, Asheville and Salisbury.

FOUR DAYS IN CHATTANOOGA

Special Train Will Carry Lee Camp With Escort of Artillerymen.

Plans were worked out and announced at the Howitzers' Army last night for the trip to Chattanooga next week, when the battery will go as escort to Lee Camp of Confederate Veterans. A special train of Pullmans has been secured. Forty veterans, perhaps a dozen of their women folks, and seventy-five artillerymen, will make the trip.

According to the schedule, the special train will leave the Southern Railway Station in this city at 6:20 o'clock next Sunday afternoon. Supper will be had at Burkeville at about 8:30 o'clock. Breakfast is to be served at Asheville, N. C., early the next morning, and Knoxville will be reached at 11:35 o'clock Monday morning.

Call on Knoxville.

Upon arrival at the city on the Tennessee River, the battery will be met at the Southern Railway Station by a committee from the Board of Commerce, and there will be a parade to the building occupied by that organization, where an informal buffet luncheon and cabaret will be the next proceedings.

Special cars will be in attendance to convey the party to the National Conservation Exposition in progress there. On the grounds there will be an informal reception by exposition officials. When the show has been seen the cars will carry the party back to the Southern Station. As many of the Lee Camp Veterans as feel equal to the task will be asked to leave the train at the station, while all on the train will be guests at luncheon and at the exposition.

Leaving Knoxville at 4 o'clock in the afternoon, the battery will be met at the Southern Railway Station by a committee from the Board of Commerce, and there will be a parade to the building occupied by that organization, where an informal buffet luncheon and cabaret will be the next proceedings.

During the four days when the Grand Camp will be in session, the Howitzers will take trips to Chickamauga, Missionary Ridge and Lookout Mountain. The battery will be at Chattanooga at 10 o'clock Friday night, and Asheville will be reached at 6 o'clock the next morning. A special invitation has been received from the Mayor and Board of Trade, which organization will unite with the city in serving a luncheon to the Richmond visitors. At 1 o'clock in the afternoon the train will leave for Salisbury, N. C., which will be reached at 6 o'clock. Supper will be provided there by the Salisbury Industrial Club.

The step in that town will be of especial significance, because of the fact that W. W. Myers, the father of the Howitzers, went out from Salisbury as first lieutenant in Riley's Battery, Rowan's Artillery, at the beginning of the War Between the States. The arrival at Salisbury will be at some hour Sunday morning, June 1.

Old dress uniforms were gone over at the armory last night, to be worn as traveling costumes. The new dress will be taken for show purposes.

Two Suits Dismissed. The case of Hannah M. Anderson against the Virginia Railway and Power Co. was dismissed from the docket of the Law and Equity Court yesterday on motion of the attorney for the plaintiff.

The suit of the Baltimore and Ohio Railroad Company against Montgomery & Co. was also dismissed.

Most Support Wives.

C. S. Barbee and George Kelly were arraigned in Police Court yesterday morning on charges of non-support. Kelly was ordered by Justice Cutchins to pay his wife \$5 monthly for eight months. Kelly was ordered to pay \$20 a month for one year.

It's a dream to find perfection, but these Pajamas are as near it as can be attained in this world—they feel right, look right and wear right.

Cool Madras at \$1.50.
Soothing Soisettes at \$2.50 and \$3.50.
Soft Silk, \$5.00.

Straws!
Might as well be game—and be comfortable.

Already sold a bunch of 'em.

All kinds—Splits, Sennits, Mackinaws, Bangkoks, French Palms, Panamas.

Athletic Underwear, Silk Shirts, Silk Socks, Low Shoes—everything you want in warm weather.

PARK PURCHASE GETS SETBACK

William Byrd Wedge Matter Goes to Subcommittee, Which May End It.

PLAN BIG TOBACCO PLANT

Export Leaf Company to Spend Half-Million in the West

The desirability of acquiring the wedge of land separating William Byrd Park into two sections was considered by the Council Committee on Public Buildings, Properties and Parks last night and finally referred to a subcommittee, consisting of Messrs. Atkinson, Mitchell and Ratcliffe. The resolution showed that the tract of 4.65 acres belonging to Stanhope Bolling, once offered to the city for \$5,000, and assessed for taxation at present at \$3,650, and that the tract of 12.25 acres belonging to the William Byrd Realty Company, purchased by the present owners last year for \$25,000, was assessed for taxation at \$4,225. Nothing standing that the entire tract is taxed on a value of \$10,305, the owners assert that it could not be acquired by the city for ten times that amount, and that as soon as the grading or other work is completed they expect to put the lots on the market at \$100 per front foot. The William Byrd Realty Corporation has expressed its willingness to have

the property at once assessed at \$100,000 for taxation.

The action of the committee last night in referring the matter to a subcommittee, was generally taken as an indication that it will not recommend condemnation.

The application of the Export Leaf Tobacco Company for use of city water for fire protection at its new storage warehouses on the Hermitage Road, at the corner of Howard Street, some distance beyond the city limits, was referred to a subcommittee consisting of Messrs. Mills, Powers and Pollock, with instructions to consult the City Attorney and prepare a proper ordinance granting the connection. It was stated that the Export Leaf Tobacco Company contemplates the erection of a plant costing not less than \$500,000, and covering about thirteen acres of ground. In order to secure fire protection, the company offers to take up the old six-inch main in the Hermitage Road for about 500 feet, and replace it with a 12-inch main, to make satisfactory arrangements with the Southern State Company and other plants which constructed and own the smaller main, to pay an annual fee for the concession, and non-resident rates for all water consumed.

Chairman Powers, of a subcommittee on cheaper gas, reported that the committee had so far been unable to gain access to the annual report of Superintendent Knoxville for 1912, which should have been in the hands of the Mayor by February 15, and which has not yet gone to the printer.

A subcommittee on acquisition of a city poor farm reported that it was being held up by real estate agents seeking to sell farms, but that otherwise there seemed no interest in the proposition; that nothing had been done, and recommended that the proposition be dropped, which was adopted. Chairman Mitchell submitted a report of a subcommittee in regard to acquisition of property bounded by Harrison, Moore, Oak and Leigh Streets for a colored park, and the report was tabled until the next meeting of the committee.

Washington, May 20.—Senators who were looking forward to a discussion of census taking from the days of Babylon to tonight when the promised fight over the confirmation of W. J. Harris, of Georgia, as director of the census, succeeding E. Dana Durand, was submitted to the Senate, were disappointed. No action was taken on the agreement was made to vote upon it June 25. Senator Burton had announced his intention to post his colleague on census-taking as a fine art, and had piled the space under his desk with ancient and modern records. Other Republicans who opposed confirmation of Harris were primed with figures and facts, and they looked forward to an indebitably prolonged merry war. The Republicans had insisted that Harris be not confirmed before July 1, and offers of a compromise on June 1 had been refused.

The agreement for a vote June 25 was voted only after it became apparent that those opposed to confirmation at this time were prepared to take advantage of the Senate rules and kept taking as long a time as the Senate remained in session. No charges have ever been filed against Harris, and since voting arrangements have been made he probably will be approved, for the Democrats have plenty of votes to confirm the nomination.

In the two-hour executive session to-night the Senate confirmed the nomination of several second-class postmasters and other officials, including George W. Guthrie, an ambassador to Japan; John P. Mitchell, as collector of the port of New York; G. M. Saltzman, as Commissioner of Pensions, and Albert Lee Therman as Solicitor of the Department of Commerce.

Nominations of William H. Berry as collector of customs at Philadelphia, and that of Franklin P. Colcock, as collector of Beaufort, S. C., to which Republican objection has been raised, were passed over.

Reported Murdered at Tirana

Essad Pasha, who has proclaimed himself King of Albania.

Vienna, Austria, May 20.—Essad Pasha, who commanded the Turks at Scutari throughout the siege, has been murdered at Tirana, according to reports which have reached the Albanians at Trieste, says a dispatch to the Reich post from that city. Tirana is where Essad Pasha marched with many thousands of Turkish troops after the evacuation of Scutari and formed a provisional government.

It is thought the murder may be the result of a blood vendetta carried out by relatives of General Hassan Pasha, who died at Scutari, and whose death there was laid to Essad Pasha.

The action of the committee last night in referring the matter to a subcommittee, was generally taken as an indication that it will not recommend condemnation.

"THE HOUSE THAT MADE RICHMOND MUSICAL"

most cordial understanding and cooperation between the United States and Cuba. He believes that such co-operation is possible only when supported at every turn by just government based upon law, upon the consent of the governed and upon the public conscience. We will seek to make these principles and a firm opposition to all arbitrary or irregular force the basis of our mutual intercourse.

"The American people are the friends of peace and can have no sympathy with those who seek to seize the power of government in order to advance their personal ambitions. There can be no lasting peace in such circumstances. As friends who prefer the interests of peace and honor, the protection of private rights and respect for the restraints of constitutional provisions, mutual respect must continue to be the foundation of the friendship which exists between us."

"The United States has nothing to see in Cuba except the lasting interest of the people, the security of popular government and the development of such personal and commercial relations between Cuba and the United States as will redound to the profit and advantage of both and interfere with the rights and liberties of neither."

"In reiterating to you, Mr. President, these friendly assurances of the President of the United States we desire to emphasize the earnestness and sincerity with which the people and the government of the United States, as represented by the President, desire that the future of the Cuban nation shall be one of uninterrupted advance toward peace, prosperity and security. Our message is one of cordial friendship and felicitation. May Cuba, under your guidance, rise yet another stage upon her progress toward the peaceful peace, contentment and prosperity."

Representatives of cotton knit goods manufacturers appeared before Senator Lippitt proposed another, which would require immediate publication of all briefs filed with the Finance Committee. Thereupon Senator Simmons moved that the whole matter be referred to the Finance Committee, and the motion was carried, 42 to 29.

Senator Newlands addressed the Senate at length on his tariff program proposed at the opening of the extra session, which would provide for a gradual reduction of the tariff, and for an investigation into the wisdom of creating a tariff advisory commission.

"I hope that this opportunity—the first the Democratic party has had in many years to bring action upon intelligent information of the intricate juggling adjustments between industry and sections will not be lost," he said.
